SUMMARY

Aspiring Data Analyst with hands-on experience in Python, SQL, and Excel for data analysis. Skilled in building data-driven applications and automating tasks. Currently upskilling through a Data Analytics course focused on data cleaning, visualization, and statistical analysis. Passionate about deriving insights from data and contributing to business decision-making.

SKILLS

Programming Languages: Python, SQL
Data Tools: Power BI, Advanced Excel (VLOOKUP, Pivot Tables, Reports)
Libraries/Modules: Pandas, NumPy
Soft Skills: Problem-solving, Adaptability, Teamwork

CERTIFICATE

Data Analysis Using Python – Samatrix.io (2021)
Spatial Data Science & GEO AI – NCSDAS National Conference (2022)
Academic Icon Award – National Cultural Award Achiever (2021)
Currently pursuing Grow Data Skills (Ongoing)

PROJECTS

Sales Data Analysis using Python (Pandas, NumPy)
- Analyzed sample sales dataset (10+ records) to derive insights on product, category, and regional sales.
- Applied Pandas for data cleaning, aggregation, group operations, and derived metrics.
- Used NumPy for statistical analysis (mean, std, max) of sales figures.
- Filtered high-value orders, built monthly sales trends, and prepared data for visualization.

Netflix Viewing Data Analysis using Python (Pandas, NumPy)
- Analyzed 10-record Netflix-style dataset for user viewing patterns.
- Cleaned and processed data using Pandas: groupby, aggregation, date features.
- Derived insights on genre performance, device usage, and content popularity.
- Applied NumPy for statistical summaries of viewing durations.
- Built monthly viewing trends and filtered long-session records for deep-dive analysis.

EDUCATION

B.Tech CSE	Aug '19 - Jul '23
Jayoti Vidyapeeth Women's University, Jaipur	Jaipur
Senior Secondary Certificate	May '18 - May '19
Rani Durgawati Hr. Sec. School	Chhatarpur
Secondary Certificate	May '16 - May '17
Maharishi Vidya Mandir School	Chhatarpur
